Our Companies:

Gift In A Box

At Gift In A Box, we started this company because we know how stressful gift shopping can be, especially when you're short on time. We created a solution by offering a variety of curated gift boxes that you can choose from. Our mission is to make gift-giving enjoyable, effortless, and unforgettable. We carefully select each item that goes into our gift boxes, ensuring that every recipient feels special and appreciated.

Wild Candle Company

We started Wild Candle Company with a mission to create candles using natural ingredients and recyclable materials, enabling our customers to light their homes and rooms with a clean and eco-friendly source of light. BUT, with the touch of our one of a kind unique scents making the candle be WILD. Our founders know that relaxation and well-being come from a tranquil and inviting environment, which is why we pour our hearts and souls into every product we create in hopes that it ignites magic in people's lives.

UniMart Supplies

At UniMart Supplies, our journey began with a simple yet profound mission: to provide students, parents, and teachers with access to affordable school supplies of the highest quality. However, we wanted to go beyond just offering basic necessities. Our founders envisioned a space where affordability meets creativity, where the essentials of education are imbued with inspiration. That's why we infuse each product with our unique brand of innovation and passion, ensuring that every purchase from UniMart Supplies sparks joy and possibility in the lives of our customers.
